Recommended retail price list in euros, incl. V.A.T.

INTERIOR DESIGN BY THOMAS MANG

Dear Customer,

Thank you for showing interest in our window decorations crafted from natural materials. Our Nature-Deco partners and customer advisors are ready to assist you, both in internal and external sales. By using our website, you can access information and place or save orders 24 hours a day, or discuss your questions with our team if you have any queries. Your personal customer account details will be provided to you by your advisor in your office.

For 30 years, we have been working with natural materials and creating high-quality window decorations for interiors. From our experience, we know that variations in weave, color, and grain highlight the authenticity of natural materials and should not be seen as reasons for complaints. Changes in temperature or humidity can affect the hanging behavior of the slats or fabric. Just like a real wooden parquet floor, our products can never be perfect, but that is what makes them unique and incomparable.

We continuously work on the further development of our products, with motorization and smart homes playing an increasingly important role. The world and the way we offer our products are changing rapidly. With only a physical presentation, we cannot respond quickly and effectively. That is why our website is constantly updated. To stay informed of any changes, we kindly ask you to also check online.

Our terms and conditions are binding. You can find them on our website, and if desired, we can also send them to you via email or post.

We have prepared our documentation with care and are not liable for any printing errors or mistakes. The prices are recommended retail prices. This pricelist and all product information are valid from November 2023 until revoked by us. They are inclusive of VAT.

We welcome your orders, as well as your feedback on the collection or our service. Please do not hesitate to contact us.

Kind regards,  
Your Nature-Deco Team
